Other

Livestock Owned

Comments:

I agree to pay \$50.00 for one share of stock. I understand that I must be a producer of agricultural products in commercial quantities to maintain my membership. All landlords must share in the crop, cash rent does not qualify as an agricultural producer. Cooperatives are governed by the internal revenue service and must maintain active membership rolls. For this reason, membership lists are reviewed each year and those members who show no patronage will have their membership canceled. I, as a member, agree to accept the responsibilities of membership and continue to support United Agricultural Cooperative, Inc.
